

The AFCC California Member Child Custody Evaluators List “The List”

The goal of “the List” is to create a resource for attorneys, judges and parents who sometimes have a hard time locating well qualified evaluators in their communities. With the advent of Remote-CCEs, we believe that a centralized list that lists the counties in which the MHPs practice would be an invaluable resource to the larger community.

AFCC-CA has not vetted the qualifications of these mental health professionals. They are Members in good standing of AFCC-CA. They have stated they meet all requirements to serve as court appointed child custody evaluator per CA Rule of Court 5.225 (“Appointment requirements for child custody evaluators”). The user of this List should do their own vetting process to verify what is stated herein.
